

Harris Elementary
Paper Grade Report Request

School Year 2012-2013

Greenfield-Central Community School Corporation is moving toward a more paperless manner of conducting school business. This is done in the interest of economy, efficiency, and environmental health. However, we realize some of our families do not have access to electronic forms of communication that allow for paperless business. Please use this form to designate your need to have a paper report generated at the end of each nine week grading period. Upon your request, these documents will be produced and provided to you.

I wish to have a paper copy of my child's mid-term and end of term report card. I do not have access to electronic means of viewing my child's grades and school progress.

Student's Name _____ Grade _____

Parent's Name _____

Check One: Send home with my child I will pick up the report at the school office

Parent signature _____ Date _____
