Welcome to Title 1! Title 1 is a federally funded supplemental program that offers assistance to children in reading and math. Based on assessments from Acuity or mclass Reading and Math, SRI, Everyday Math Beginning of Year Assessments, along with teacher input, your child qualified for this additional support. Students will work with the Title 1 staff in a small group setting during their grade level RTI time frame. During this time, interventions will be presented to meet your child's needs. In addition, you are invited to our Title 1 program on September 20th, 2012, in order to learn more about the program, along with ways to enhance your child's growth. :)

Qualified for support in:

- ☐ Reading
☐ Math
☐ Monitor: Reading or Math

Attached to this form, you will find a Harris School Compact, and Parent Involvement sheet. Please read, sign the materials, and return to the Title staff. If you have any questions, please contact the staff by either e-mail or phone.

Please complete and return to the Title Room
